PRESS Release

Worldwide Pinhole Photography Day (WPPD)

Dealers who are specialized on traditional photography develop a special set of pinhole camera and sheet film on the occasion of the worldwide Pinhole Photography Day.

Every last Sunday in April, this year 29th, starts the WPPD:

On this day, everyone is asked to take a picture with a pinhole camera. Should you not own one, you should start to build one. Should you not have any shoe cartons or tins, an optimal solution is a pinhole camera set for the fast and easy access to creative photography.

Maco Photo Products launches for the WPPD a pinhole camera set (#WP05). The set contains a Pinhole Camera Kit and a 8x10 cm silver gelatine orthochromatic sheet film, ISO 25.

We offer this set for the jubilee price of 29,-- € incl. VAT instead of 56,-- €. You can order the WPD Kit immediately at the following addresses:

www.puntofoto.it
www.foto-riegler.at
www.ars.imago.ch
www.mahn.net

Everyone, who takes pictures with a pinhole camera on this planet on this last Sunday in April, can upload them to the following website and contribute to the annual WPPD gallery:
